RE:    Minnesota Association of Watershed Districts Membership Changes

On November 30th, the MN Association of Watershed Districts (MAWD) approved a bylaws change that would allow WMOs (like the BCWMC) to join MAWD with full membership rights (see attached). In 2019, the membership dues for WMOs will be $500. Membership dues are by March 31st.

In future years, the fee will be determined by the MAWD Board of Directors using the same formula that’s currently used for watershed districts. In 2018, dues were = 2017 Taxable Market Value x 0.00048 x 0.005, not to exceed $7,500.

If the Commission becomes a MAWD member, it would need to designate from among commissioners, two delegates to represent the watershed within MAWD. Additionally, members may designate alternate delegates to represent them in the absence of any originally designated delegate. Information on meetings, duties, and activities of MAWD and its members are included in the bylaws attached. A “MAWD benefits” fact sheet is also attached. Further information can be found on their website at: https://www.mnwatershed.org/.

The Commission should determine whether or not to become a member of MAWD for 2018 and beyond.

Additionally, there are other groups and organizations that the Commission and/or staff may wish to become involved with including Metro MAWD (a chapter within MAWD) which typically meets on the third Tuesday in January, April, July and October at 7:00 pm at Capitol Region Watershed District in St. Paul; and the Minnesota Association of Watershed Administrators (MAWA) - a professional and educational organization for the administrative executives in local watershed (water management) agencies. MAWA meets quarterly in conjunction with MAWD meetings. There are no membership dues for participation in these organizations.

The Commission should determine if participation in either or both of these groups is warranted or beneficial.
2018 Proposed Changes to MAWD Bylaws

The Governance Committee reviewed both the Bylaws and the Manual of Policies and Procedures (MOPP) during the summer of 2018. In addition to cleaning up the language to make the documents consistent both internally and with each other, the committee recommends adding language to allow for Water Management Organizations (WMOs) to join MAWD with full voting rights. Dues would be set by the Board of Directors and will use the same formula as used for Watershed District Members starting in 2020. For 2019, WMOs will not see an increase in the dues they are charged to be associate members ($500.)

The MAWD Board of Directors accepted the changes as proposed in the MOPP at the September 21st Board Meeting in Sauk Centre. The MAWD Board further recommends the changes proposed to the Bylaws as shown below.

What is the Minnesota Association of Watershed Districts?

The Minnesota Association of Watershed Districts (MAWD) is a non-profit organization that represents the local governments that focus on the management of water on watershed boundaries rather than political boundaries, such as cities and counties. Members benefit from having an organization that provides a **unified voice for watershed management** and works diligently to maximize the availability of the tools and resources that allow members to most effectively and efficiently meet their water management goals. Primary areas of focus include providing education and training opportunities, lobbying and advocacy services, and regular communications.

---

**Education and Training for Watershed Managers and Staff**

Every year, MAWD provides members with opportunities to learn from other members, as well as industry experts, at a variety of workshops, a summer tour, and an annual convention and trade show. Training topics typically include the following: watershed planning, permitting, flood control, education and outreach programs, innovative technologies, effective administration, public relations, data collection and assessment, aquatic invasive species, urban and rural best management practices, governance, and leadership.

---

**Lobbying and Advocacy for Effective and Efficient Watershed Management**

MAWD lobbies for funding and programs that enhance the restoration and protection of Minnesota’s water resources. Members drive the organization’s policy issues through an annual resolutions process and the MAWD Board of Directors sets each year’s priorities. Although legislative solutions are often needed to maximize resources, sometimes MAWD will find the best solutions by working directly with state agencies and other non-profits such as wildlife groups, lake associations, environmental groups, and farm organizations.

---

**Organizational Support through Regular Communications**

MAWD maintains regular communication with its members to ensure they are kept informed on the latest watershed news including trainings they may find useful, changes to legislation that may impact them, and information to help them stay in compliance with governmental regulations and laws. Formats used to distribute information include newsletters, social media (Facebook and Twitter), email updates and alerts, fact sheets, press releases, and the organization’s website: [www.mnwatershed.org](http://www.mnwatershed.org).
