Q4 Do you have adequate access to lakes, streams and other natural areas within Plymouth?

Answered: 227 Skipped: 0

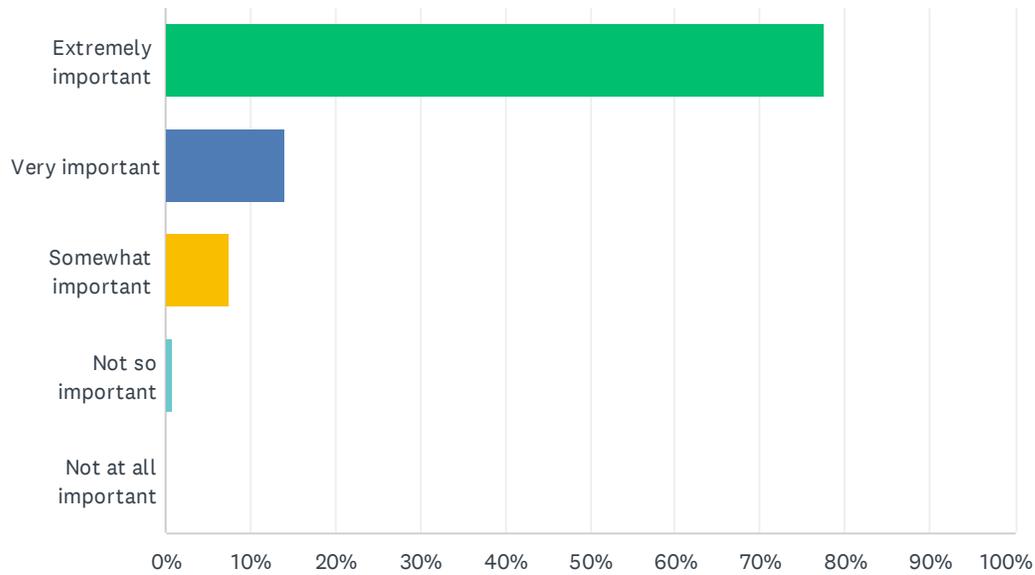

ANSWER CHOICES	RESPONSES	
Yes	85.46%	194
No	8.81%	20
Other (please specify)	5.73%	13
TOTAL		227

#	OTHER (PLEASE SPECIFY)	DATE
1	Yes and no. Plymouth has an amazing natural resource community but I see more and more actions being taken that is stripping that away. Specially the Hollydale golf course which abutted a wetland. The construction and changed landscape have a big impact.	8/10/2022 9:24 PM
2	Not in walking distance which would be ideal, but biking, yes	8/6/2022 12:41 AM
3	Areas getting crowded with all the constant building.	7/27/2022 8:49 AM
4	I don't think there is enough throughout Plymouth. While I have easy access now in my prior home in Plymouth I didn't.	7/23/2022 11:58 PM
5	There is always room for more green spaces	7/23/2022 4:28 PM
6	While I think we have lots of natural areas within the city, i do think we could always use more! So much of the city is developed now and the natural areas are getting smaller and more dispersed!!	7/23/2022 1:49 PM
7	I do because I rent a boat slip from Hardys on Medicine Lake. But I do not believe other Plymouth residents have the same luxury	7/15/2022 1:38 PM
8	I really believe the more shoreline fishing access is needed, either through piers or additional shoreline places.	7/15/2022 1:23 PM
9	When will next building project take away natural resources?	7/15/2022 1:04 PM
10	It's becoming less with all the development	7/15/2022 9:56 AM

11	More lakes need easier access and facilities	7/15/2022 9:55 AM
12	Would like safer crossing in NW Plymouth across 55 to get to Hamel area and access those natural areas	7/6/2022 11:32 PM
13	Need a large open green space such as the old Hollydale site	7/6/2022 7:41 PM

Q5 How important are lakes, streams and wetlands to your quality of life?

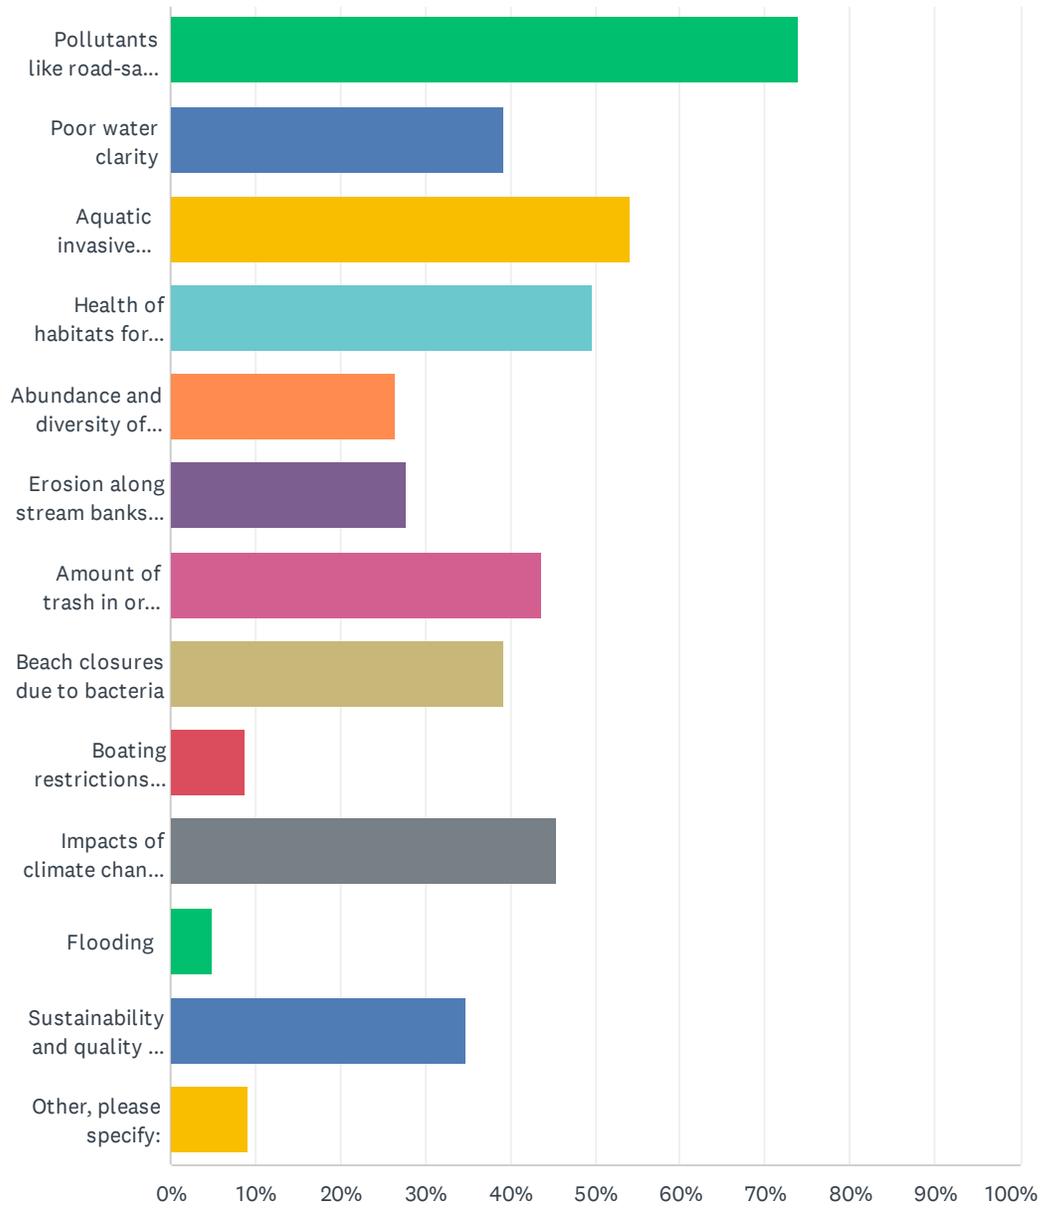

Answered: 227 Skipped: 0

ANSWER CHOICES	RESPONSES	
Extremely important	77.53%	176
Very important	14.10%	32
Somewhat important	7.49%	17
Not so important	0.88%	2
Not at all important	0.00%	0
Total Respondents: 227		

Q6 Of the following, what concerns you about the condition of lakes, stream, and natural areas in Plymouth? (select the top 5 concerns)

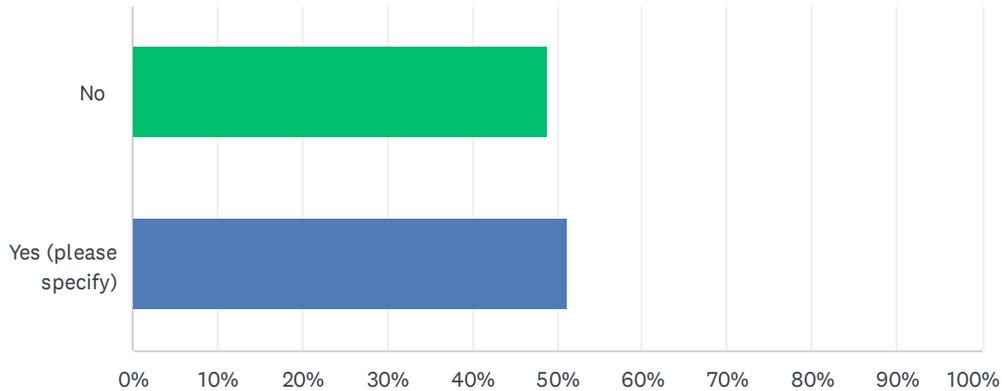

Answered: 227 Skipped: 0

ANSWER CHOICES	RESPONSES	
Pollutants like road-salt, fertilizer, and pet waste entering lakes and streams	74.01%	168
Poor water clarity	39.21%	89
Aquatic invasive species (e.g., zebra mussels and starry stonewort)	54.19%	123
Health of habitats for aquatic life (fish, bugs, plants)	49.78%	113
Abundance and diversity of wildlife	26.43%	60
Erosion along stream banks or lake/pond shorelines	27.75%	63
Amount of trash in or around the water body	43.61%	99
Beach closures due to bacteria	39.21%	89
Boating restrictions due to aquatic plants	8.81%	20
Impacts of climate change on water levels and habitats	45.37%	103
Flooding	4.85%	11
Sustainability and quality of groundwater supplies	34.80%	79
Other, please specify:	9.25%	21
Total Respondents: 227		

Q7 Are there surface water resources or natural areas in Plymouth you would like to see improved?

Answered: 227 Skipped: 0

ANSWER CHOICES	RESPONSES
No	48.90% 111
Yes (please specify)	51.10% 116
TOTAL	227

#	YES (PLEASE SPECIFY)	DATE
1	Plymouth Creek coordinated trash pick up	8/10/2022 9:24 PM
2	Gleason Lake, Maplewood Park	8/9/2022 8:02 AM
3	Medicine Lake	8/7/2022 4:12 PM
4	Many of the smaller parks near neighborhoods are often ignored and full of trash	8/6/2022 12:41 AM
5	Medicine lake beach	8/5/2022 10:04 AM
6	Higher water levels in Medicine Lake	8/2/2022 6:09 PM
7	Medicine Lake weeds	8/1/2022 5:34 AM
8	All of them	7/27/2022 8:18 PM
9	Medicine lake	7/27/2022 8:57 AM
10	Cleaner lakes	7/27/2022 8:49 AM
11	Medicine lake needs a dam to regulate the water depth as it is too shallow now	7/26/2022 12:21 AM
12	Medicine Lake	7/25/2022 8:41 PM
13	would like to see better weed control on Medicine Lake	7/25/2022 2:51 PM
14	Water level at medicine to low	7/25/2022 10:16 AM
15	In general, all our lakes could be improved.	7/25/2022 10:01 AM
16	Schmidt Lake	7/25/2022 7:40 AM
17	Water level in medicine lake is consistently low. A higher egress point would be a big	7/24/2022 10:45 PM

	improvement.	
18	Medicine Lake water level	7/24/2022 9:34 PM
19	Medicine lake	7/24/2022 6:11 PM
20	Wetland areas	7/24/2022 3:31 PM
21	Swan Lake Park	7/24/2022 12:38 PM
22	The water quality of Medicine must be addressed. It is so full of weeds and has a horrendous odor due to the fertilizers used all around it	7/24/2022 12:36 PM
23	Better preservation of remaining natural waterways.	7/24/2022 11:14 AM
24	continued protection of wetlands and nature preserves	7/24/2022 11:11 AM
25	There needs to be a safer walkway over peony	7/24/2022 10:35 AM
26	Water level of Medicine Lake	7/24/2022 10:05 AM
27	Get funding from Bassett creek watershed for holding pond clean up!	7/24/2022 9:53 AM
28	Medicine Lake water levels	7/24/2022 9:32 AM
29	Lake levels maintained for recreational/other purpose	7/24/2022 8:53 AM
30	Medicine Lake	7/24/2022 8:47 AM
31	Not sure what this means, but am concerned about the low lake levels on Medicine Lake and invasive species. It seems that Medicine is seen as an issue by Plymouth instead of the tremendous asset it could be and is.	7/24/2022 8:37 AM
32	Bike paths through these areas refreshed(Kimberly lane area)	7/24/2022 8:27 AM
33	Raise the damn at Basset creek out of Medicine Lake. It is letting too much water out in the spring and leads to very low water levels later on.	7/24/2022 7:57 AM
34	Raise the Med Lk dam or change dam shape to a V shape so less water flows out as water levels fall.	7/24/2022 7:46 AM
35	2	7/23/2022 11:58 PM
36	Let's change Plymouth 8" lawn height limit so we can plant native plants. Outlaw lawn chemicals which are polluting our waters	7/23/2022 11:34 PM
37	Elm creek park preserve	7/23/2022 10:45 PM
38	No specific area, just believe we should continue to improve all surface water resources	7/23/2022 9:44 PM
39	I wish more of the spaces that are being proposed for and currently developed were less dense and included more natural wetlands, bogs, trails, and natural areas	7/23/2022 9:35 PM
40	Parkers lake	7/23/2022 8:58 PM
41	Ponds in neighborhoods could be taken care of-- limit drainage from roads/lawns to maintain health of water for plants and animals	7/23/2022 8:57 PM
42	Medicine Lake	7/23/2022 7:52 PM
43	The pond at Mission Hills looks and smells terrible	7/23/2022 4:57 PM
44	Four Seasons Mall site should become a natural green space	7/23/2022 4:28 PM
45	More walking trails in woods	7/23/2022 2:26 PM
46	There are many very small ponds and other wetlands throughout the city, including in neighborhoods or next to businesses. I would love to see the city help residents and business owners take better care of those ponds and wetlands since they impact the broader water network and natural areas in the city and beyond. I also think there are many large grassy areas that are next to businesses and residential areas that could be transformed into bee gardens and/or have more trees planted on them, which would have many benefits for the city and landowners (including saving money on lawn maintenance services and watering!).	7/23/2022 1:49 PM

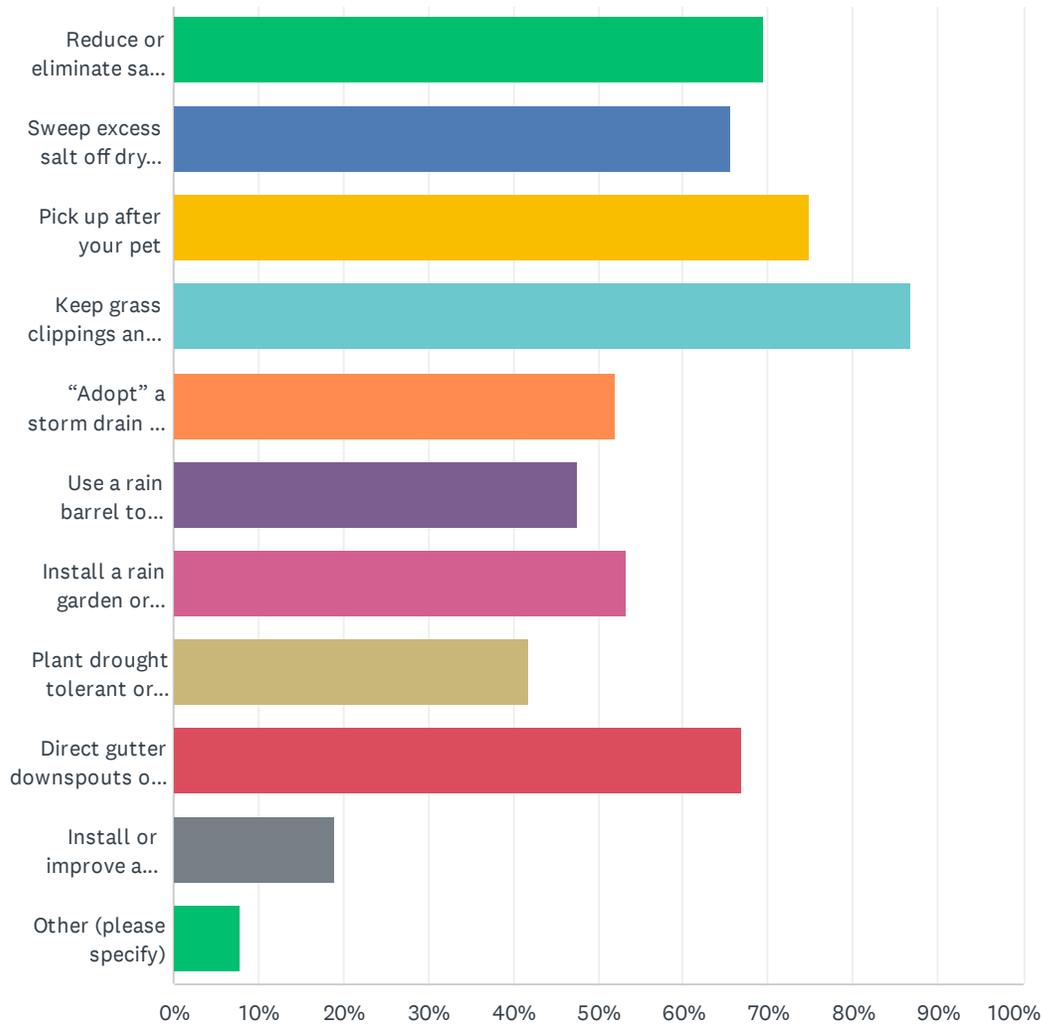

47	Wetlands/pond and stream management. Improve suburban runoff quality.	7/20/2022 8:53 PM
48	Stop allowing sprinklers to pull from lakes	7/20/2022 6:45 PM
49	The east side of plymouth needs more care and attention similar to the west side	7/19/2022 3:23 PM
50	Medicine Lake	7/19/2022 7:27 AM
51	Parkers Lake water clarity	7/18/2022 10:31 AM
52	Not sure	7/18/2022 10:30 AM
53	Many of the ponds in city parks are stinky and not maintained. Left up to residents that live adjacent to property to care for it.	7/18/2022 9:54 AM
54	I Would love to see better accessibility to the northwestern side of town	7/18/2022 9:04 AM
55	Parkers	7/17/2022 11:47 PM
56	There are rocks near the boat landing at French Park that have destroyed our boat prop. Also the landing is very busy and not enough space for boat tie ups. Need improved docks	7/17/2022 8:40 PM
57	All of them	7/17/2022 8:33 PM
58	Parker's lake	7/17/2022 7:20 PM
59	Water quality everywhere can be better	7/17/2022 6:52 PM
60	Lakes, ponds	7/17/2022 5:14 PM
61	Trash around the natural areas	7/17/2022 4:02 PM
62	Algae in Parker's lake park	7/16/2022 10:12 PM
63	Medicine Lake	7/16/2022 4:25 PM
64	Na	7/16/2022 3:17 PM
65	Areas that were built before BMPs were required and commercial/industrial areas	7/16/2022 12:40 PM
66	The Bass Lake wetland (south of Bass Lake) used to be crystal clear and hosted otters, swans and more. Now it is mostly an poisonous algae bloom. Last time at Parker's Lake, I got up from a gathering to pick up plastic bags being blown into the lake - ban single-use plastics..	7/16/2022 9:50 AM
67	Medicine Lake	7/16/2022 9:22 AM
68	Treat the lakes! Limit be hikes on lakes in winter	7/16/2022 9:21 AM
69	Hundreds of residents enter the WML trail from 30th Avenue N (west side of WML). Very steep hill to access trail may cause injury. Very uncomfortable access for both pedestrian and stroller/ wheeled traffic.	7/16/2022 8:56 AM
70	Less beach closures	7/16/2022 8:50 AM
71	Residents may not understand their use of fertilizer is what is turning the ponds green and hurting the pond and its well being.	7/16/2022 7:58 AM
72	Treat medicine lake for zebra mussels. Don't use salt on the streets. Limit the ice fishing	7/16/2022 7:54 AM
73	More native plants along shores	7/16/2022 7:54 AM
74	!	7/16/2022 7:42 AM
75	Medicine lake weed control	7/16/2022 6:16 AM
76	Oakview Pond by my house, Medicine Lake, Parkers Lake	7/16/2022 6:13 AM
77	Lake Camelot needs improvement	7/15/2022 11:38 PM
78	Lake Camelot. Too many lily pads.	7/15/2022 10:13 PM
79	Bass Lake, Gleason Lake	7/15/2022 9:41 PM
80	Plymouth Creek	7/15/2022 9:32 PM

114	Habitat restoration, along NW greenway for example	7/6/2022 11:32 PM

115	E coli in Medicine lake	7/6/2022 7:08 PM
116	Lake water quality	7/6/2022 6:57 PM

Q8 How willing are you to take the following actions around your home and property to improve surface water quality and groundwater quality

Answered: 227 Skipped: 0

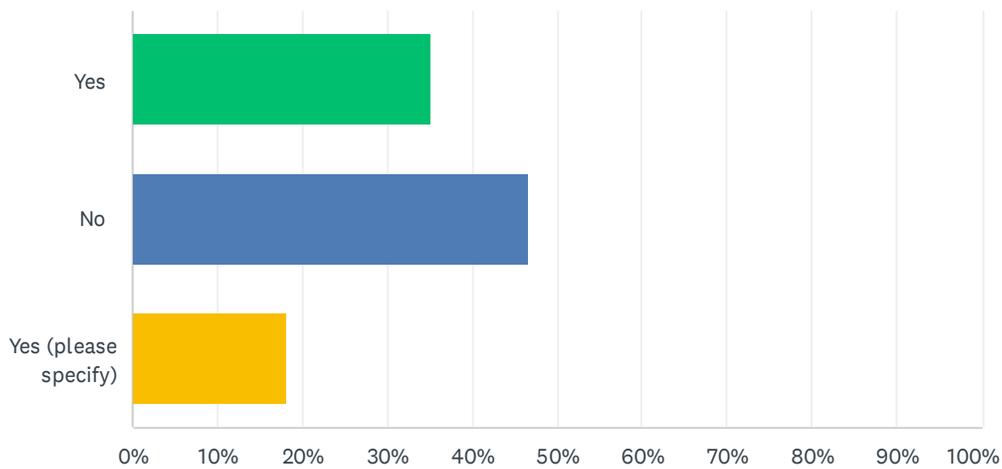

ANSWER CHOICES	RESPONSES	
Reduce or eliminate salt use in winter	69.60%	158
Sweep excess salt off dry pavement	65.64%	149
Pick up after your pet	74.89%	170
Keep grass clippings and leaves out of the street	86.78%	197
"Adopt" a storm drain to keep free of debris	51.98%	118
Use a rain barrel to capture and use rainwater	47.58%	108
Install a rain garden or native flower garden	53.30%	121
Plant drought tolerant or no-mow grass seed	41.85%	95
Direct gutter downspouts onto the lawn	66.96%	152
Install or improve a vegetated shoreline buffer along lakes and streams (for shoreline homeowners)	18.94%	43
Other (please specify)	7.93%	18
Total Respondents: 227		

#	OTHER (PLEASE SPECIFY)	DATE
1	Pick up trash bags hole walking. Plant native native plants.	7/24/2022 3:31 PM
2	I live in a townhome. It's difficult to get the OK from the board to do many actions.	7/24/2022 12:38 PM
3	Replace turf with native perennials. Let's change Plymouth laws on height of lawn. Tall natives have deep roots that improve runoff and don't require chemicals. Let's outlaw lawn chemicals. Thank you.	7/23/2022 11:34 PM
4	Living in a townhouse, I'm limited in what I can do	7/23/2022 9:44 PM
5	Reduce watering of yard to limit water use	7/23/2022 8:57 PM
6	Plant local and multi-purpose trees, shrubs and other plants	7/23/2022 1:49 PM
7	Concerned about sprinkler systems pulling from lakes and wake boats- erosion	7/20/2022 6:45 PM
8	Improve boat launches and designated wetlands areas	7/18/2022 8:35 AM
9	Where can I get no mow, drought resistant grass seed	7/17/2022 4:02 PM
10	I shovel salt/sand in front of the storm drain in front of our home every couple of weeks during warm weather. Use less sand/salt. Increase awareness of bans on fertilizing. Approve No Mow May. We have a rain barrel.	7/16/2022 9:50 AM
11	I am doing these already	7/16/2022 7:54 AM
12	These are all for homeowners, except for "pick up after your pet." Is there some reason you didn't think of helpful options that renters could take? Do you think people whose incomes are too low to afford to buy a home in Plymouth do not care about or do not want to take action towards preserving the wetlands. An equity lens would tell you to engage a sustainability consultant who can help you find ways to involve ALL Plymouth residents and not just homeowners.	7/15/2022 5:16 PM
13	I live in an apartment, or I would do several of these things.	7/15/2022 11:47 AM
14	I'm an octogenarian and caretaker for my wife. Therefore, I'm unable to volunteer. However, at my former Plymouth residence I did keep the storm-drains open and flowing.	7/15/2022 11:12 AM
15	We already use very little chemical fertilizer and pesticides on our lawn. I'd be willing to look into natural options when we do fertilize.	7/15/2022 9:50 AM
16	I do what I can with what my townhome association allows for outside items	7/15/2022 9:19 AM

17	I live in a townhouse association & don't have the ability to do many of these things or I would.	7/15/2022 9:10 AM
18	Clean up AIS	7/15/2022 8:27 AM

Q9 Are there other conservation actions you already perform?

Answered: 227 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	35.24% 80
No	46.70% 106
Yes (please specify)	18.06% 41
TOTAL	227

#	YES (PLEASE SPECIFY)	DATE
1	Compost, reduced consumption, clearing streets of debris, clearing out storm drains, reducing/elongating waste water runoff, etc.	8/10/2022 9:24 PM
2	No irrigation of lawn areas	8/9/2022 8:02 AM
3	Follow water restrictions when watering my lawn	8/7/2022 4:12 PM
4	We keep our storm drain cleaned out	8/5/2022 10:04 AM
5	Maintain our property as an eco friendly environment vs pretty lawn	8/1/2022 5:34 AM
6	I already have 1 rain garden, 1 rain barrel, clean up pet waste, use safer salt	7/25/2022 10:01 AM
7	Plant native species plants. Pick up trash. Pick up pet waste. Not use salt. Keep grass clippings out of street. Sweep excess salt off of street. Gutter downspouts go to lawn.	7/24/2022 3:31 PM
8	limited lawn to mow, plants and mulch instead	7/24/2022 11:11 AM
9	limit fertilizer, salt, direct run-off to "soft" areas	7/24/2022 9:53 AM
10	Have planted some native species, allowed some areas of lawn to overgrown, keep grass longer instead of cutting short and not mowing when very hot, hot	7/24/2022 8:37 AM
11	We pickup trash that is blown into our cul de sac, I move pots to make sure they get rainwater, use water from water bottles to water pots, and am trying to plant more native plants,	7/23/2022 10:56 PM
12	I don't pour chemicals into our storm drains	7/23/2022 9:44 PM
13	Limit use of fertilizers, abide by watering restrictions	7/23/2022 7:52 PM

14	Composting, broadleaf lawn, no chemicals on lawn or garden	7/23/2022 6:48 PM
15	Being conscientious of behaviors that can harm environment.	7/23/2022 4:28 PM
16	Limit watering and use of fertilizer and herbicides on the lawn	7/23/2022 1:49 PM
17	Manage all organics on my property.	7/20/2022 8:53 PM
18	Planting pollinators, not using salt	7/20/2022 6:45 PM
19	Compost yard waste	7/18/2022 10:31 AM
20	Actually follow the city water guidelines	7/18/2022 9:54 AM
21	Reduced lawn fertilizer use, rain barrel, recycle, have lots of trees and other vegetation compared to neighbors	7/17/2022 8:30 PM
22	Na	7/16/2022 3:17 PM
23	monitoring sprinklers	7/16/2022 10:34 AM
24	See remarks in No. 10. We also feed birds. Do not fertilize.	7/16/2022 9:50 AM
25	Rain water collection, natural insect repellent	7/15/2022 7:59 PM
26	Not watering lawn	7/15/2022 3:55 PM
27	Dog waste pick up, cleaning gutters and curbs, downspouts into grass, picking up litter on my daily 3 mile walk	7/15/2022 1:38 PM
28	Planted a shoreline buffer, pick up after animals, limit salt use in winter to front steps.	7/15/2022 1:05 PM
29	Agitate to keep from further destruction, eg Hollydale.	7/15/2022 1:04 PM
30	Planting native species and pollinator friendly garden. No fertilizer or herbicide lawn.	7/15/2022 12:58 PM
31	Capture rain water to irrigate plants. Direct rain water to infiltration areas. Do no low landscaping (working on lot of this)	7/15/2022 12:58 PM
32	I'm a new homeowner so I want to do things but I honestly don't quite know what to do. Just the list for question 8 gave me ideas	7/15/2022 10:41 AM
33	No fertilizer, chemicals on lawn, plant native plants	7/15/2022 10:13 AM
34	Use drain tile to keep roof-gutter rainwater from washing fertilizer into streams once rain barrels are full.	7/15/2022 10:04 AM
35	Educating neighbors	7/15/2022 9:56 AM
36	BWCAW Conservation	7/15/2022 9:55 AM
37	I pick up trash	7/15/2022 9:19 AM
38	Refrain from outside watering. Pick up trash around neighborhood. Watch water usage in house. Donate to green causes	7/15/2022 9:10 AM
39	Clean Debris from street drains by house on our street	7/15/2022 8:58 AM
40	Minimizing outdoor watering and adjusting based on rainfall	7/6/2022 11:32 PM
41	Plant native species	7/6/2022 6:57 PM

Q10 Enter your contact information (name, address, email, phone number) below to be entered into the drawing to win a Countertop Compost Bin!
