Hennepin County Environmental Response Fund	Brownfields	MN	Hennepin County	Non-Federal	Environmental Response Fund (ERF) grants fund the assessment and cleanup of contaminated sites where conditions present a threat to human health or the environment, but where lack funding and added environmental costs hinder site improvements or redevelopment. ERF grants are used for a variety of activities that provide community benefit, including assessment and cleanup of groundwater and evaluation and abatement of asbestos and lead-based paint. Priority is placed on locations that are intende as public or green spaces, establish affordable and moderately priced housing, and promote economic development.	and private for-profit companies located within Hennepin County. ERF grants are not available to non-local government responsible parties.	Approximately \$1-1.2 Million is available each funding round.	November 1, 2023, 3:00 pm	https://www.hennepin.us/business/property/brownfields	
Contamination Investigation and RAP Development Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	Administered by DEED, this program is designed to assist communities in contamination investigation and RAP development. Similar to the Contamination Cleanup Grant, the applicant must be able to demonstrate the existence of a community supported redevelopment plan with an appropriate completion timeline. Funded activities include: site investigation (Phase I and Phase II), RAP development.	Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities. Both publicly and privately owned sites with known soil or groundwater contamination qualify. Cleanup grant applicants	Approximately \$4 million is available. Grants can pay for up to 75% of the costs of investigation, cleanup, and other costs necessary to implement the RAP. Awards require a 25% local match. 35% of funds are dedicated to projects outside the seven-county metropolitan area . Awards not to exceed \$50,000.	4 p.m. May 1 and November 1 of each year	http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp	Di
Ramsey County Environmental Response Fund	Brownfields	MN	Ramsey County	Non-Federal	The Ramsey County Environmental Response Fund's (ERF) priorities include development/redevelopment of blighted sites, including orphan sites, that will result in additional jobs at living wages and/or affordable housing, and clean-up of public lan and green space that will enhance the quality of life in neighborhoods and communities.	Eligible applicants include Ramsey County and Ramsey County municipalities, public	ERF funds are intended as gap financing (applicants should exhaust funds available from other sources). There is no limit on grant funding that may be request d from the ERF. Total funding available each grant round is approximately \$500,000	Proposals are due May 1 and November	1 <u>https://www.ramseycounty.us/businesses/property-development/property-development-programs-incentives/environmental-response-fund</u>	
Tax Base Revitalization Account	Brownfields	MN	Metropolitan Council	Non-Federal	The Tax Base Revitalization Account (TBRA) provides \$5 million annually to investigate and clean up brownfields — contaminated land, ground water, or buildings — for redevelopment. TBRA provides key support for a wide range of projects, from affordable and market rate multi-family housing to commercial and industrial redevelopment. Grants include Seeing Environmental Development (SEED), Site Investigation, and Cleanup	Cities, counties, and local development authorities located in the 7-county metro area and participating in the Metropolitan Livable Communities Housing Incentives Program are eligible to apply for funds. Applications involving public-private partnerships are most competitive. Cleanup grant applicants must have an MPCA- approved RAP, but investigation grants can fund RAP development.	Cleanup: \$2,375,000 available each round, Limit of 50% available funding, No match Site Investigation: \$125,000 available per round, Limit \$50,000 per project, 25% match required SEED: \$250,000 available per round, Limit \$50,000 per project	November 1, 2023	<u>https://metrocouncil.org/Communities/Services/Livable-Communities-Grants/Tax-Base-</u> <u>Revitalization-Account-(TBRA).aspx</u>	
Environmental Education Grants Program	Environmental & Education	All States	US EPA	Federal	Under the Environmental Education Grants Program, EPA seeks grant proposals from eligible applicants to support environmental education projects that promote environmental awareness and stewardship and help provide people with the skills to take responsible actions to protect the environment. This grant program provides financial support for projects that design, demonstrate, and/or disseminate environmental education practices, methods, or techniques. Since 1992, EPA has distributed between \$2 and \$3.5 million in grant funding per year,	Eligible applicants include local education agencies, colleges or universities, state education or environmental agencies, nonprofit organizations, or noncommercial educational broadcasting entities.	A total of approximately \$3 million is expected to be available. Maximum grant awards of \$100,000. 25% match required and 25% of grant award must be distributed as sub-grants of not more than \$5,000.	November 8, 2023	http://www.epa.gov/education/environmental-education-ee-grants	
Brownfields Assessment, Revolving Loan Fund, and Cleanup Competitive Grants	Brownfields	All States	US EPA	Federal	These brownfields grants provide federal financial assistance authorities for brownfields revitalization, including grants for assessment, cleanup, and revolving loan funds EPA's Brownfields Program provides funds to empower states, Tribal Nations, communities, and nonprofit organizations to prevent, inventory, assess, clean up, and reuse brownfield sites.	Assessment Grant: Local units of government and government entities. Non-profit organizations are not eligible. Cleanup Grant: Local units of government, government entities, and non-profit organizations.	Multipurpose Grants up to \$1,000,000 Community-wide grants up to \$500,000 for site-specific grants; and Brownfields Cleanup Grants up to \$5,000,000.	November 13, 2023	<u>https://www.epa.gov/brownfields/multipurpose-assessment-rlf-and-cleanup-marc-grant-application-resources</u>	_
Natural Resources Grants - Good Steward Grant	Water Quality	MN	Hennepin County	Non-Federal	Primarily for smaller projects that improve water quality, enhance natural areas and promote environmental stewardship to th community. Ideal for smaller community-based or single applicant projects. Typical projects include constructing rain gardens stabilizing stream banks, restoring native vegetation, installing vegetated filter strips and other best management practices. Eligible expenses include environmental or engineering consulting fees, materials, supplies, labor and inspection fees.		Up to \$25,000. Typical award of \$10,000-\$20,000. Grant shall not exceed 75% of the total eligible project cost. Landowner 25% contribution can be cash and/or in-kind contribution	November 14, 2023	https://www.hennepin.us/business/conservation/funding-assistance-natural-resources- projects	
Greater MN waste reduction, reuse, recycling and composting grants	Environmental & Education	MN	MPCA	Non-Federal	MPCA has approximately \$1 million for projects that increase the efficiency or effectiveness of waste reduction, reuse, recycling, or composting programs. Reducing the amount of materials entering landfills in Greater Minnesota communities benefits the environment as well as local economies.	Minnesota counties, cities, townships, and Tribes located outside of the Twin Cities metro area may apply. Cities must have a population of less than 45,000. Applicants asking for less than the minimum grant award (\$100,000) will be deemed ineligible.	Approximately \$1 million is available. Minimum \$100,000 per project. Maximum \$250,000 per project. 25% match is required.	November 15, 2023, 4:pm CT	https://www.pca.state.mn.us/about-mpca/environmental-assistance-grants	<u>Use</u>
Transformational Habitat Restoration and Coastal Resilience Grants	Water Quality	Great Lakes Basin States	Department of Commerce	Federal	Projects selected through this funding opportunity will have a transformative impact for coastal communities and tribes across the country. They will help sustain our nation's fisheries, make significant strides in the recovery of threatened and endangered species, and help protect coastal communities and ecosystems from the impacts of climate change. They will support efforts such as reconnecting rivers to their historic floodplains, outplanting corals to rebuild reefs, building living shorelines that protect coasts from erosion and sea level rise, and more. Eligible applicants for Great Lakes projects must propose work within one of the eight U.S. Great Lakes states.	I Fligible applicants are institutions of higher education non-profit organizations for	Total funding available: \$240 mil Maximum award: \$25 mil Minimum award: \$1 mil	November 17, 2023	https://www.fisheries.noaa.gov/funding-opportunities/open-opportunities	
State Competitiveness Fund Match Program	Environmental & Education	MN	MN Department of Commerce	Non-Federal	The Minnesota Department of Commerce will be implementing a cost-share match program in support of eligible entities applying for eligible federal funding opportunities	An entity located in Minnesota that is eligible to receive federal funds, or an entity that has at least one Minnesota-based partner, as determined by the grantor of the federal funds.	\$100,000,000 available. No single entity may receive grants totaling more than \$15,000,000. At least \$75,000,000 of the fund must be allocated for grant awards of less than \$1,000,000.	Quick Reponse Round: Nov. 27, 2023 Standard Response Round: Jan. 15, 2024	https://mn.gov/commerce/business/rfp.jsp	
Wellhead Protection Partner Grants (Pilot)	Groundwater	MN	BWSR	Non-Federal	Wellhead Protection Partner Grants will provide funding to local government for establishing perpetual or long-term protection of wellhead protection areas where state-held easements are not viable or desirable.	A local government entity within a delineated Wellhead Protection Area (WHPA) mapped in a Minnesota Department of Health (MDH) approved Wellhead Protection Plan	Up to \$1,279,000 is currently available. Individual grant amounts will be determined by the duration of protection and the protection mechanism provided in the grant proposal. A 10% match is required of grant recipients	Last day of each month by 4:30 p.m. as funding is available	http://www.bwsr.state.mn.us/grants/apply/index.html	
Environmental Assistance - Waste Reduction and Reuse	Environmental & Education	MN	MPCA	Non-Federal	MPCA programming is focused on investing in replacing single-use items with reusables and expanding access to community reuse events. For this grant round, applications will be scored more favorably if they involve education/outreach, infrastructur and supplies, and/or technical assistance (including "micro grants") to: - transition Minnesota organizations and communities to reusables (i.e., food ware, packaging, etc.) in place of single-use options, including necessary cleaning and maintenance equipment (i.e., dishwashers) - expand community reuse events across the state like swaps, lending libraries, and fix-it clinics or repair cafes		Approximately \$1,065,000 is available. 25% match is required. Minimum award \$50,000	December 14, 2023, 4 p.m.	https://www.pca.state.mn.us/about-mpca/waste-reduction-and-reuse-grant	
Cities Leading through Energy Analysis and Planning (Cities-LEAP)	Environmental & Education	All States	Department of Energy	Federal	This opportunity is specifically open to low-income, energy-burdened communities that are also experiencing either direct environmental justice impacts, or direct economic impacts from a shift away from historical reliance on fossil fuels. Under Communities LEAP, DOE matches selected communities with technical assistance providers who assist them with bringing the clean energy planning and economic development vision to life.	Multi-stakeholder teams in low-income, energy-burdened communities that are also either disadvantaged or experiencing direct impacts from the shift away from fossil fuels. Fir See website to see if a community qualifies.	Up to \$50,000	December 14, 2023, 5 p.m. ET	https://www.energy.gov/communitiesLEAP/communities-leap

Environmental assistance loans	Water Quality	MN	MPCA	Non-Federal	Financial assistance to accelerate the application and/or improvement of environmental processes and technologies in Minnesota by providing assistance for the capital costs (machinery and equipment) of eligible projects. Priority eligible project include green chemistry, pollution prevention, source reduction, recycling, and source-separated compostable materials.	Priority-eligible applicants are Minnesota-based, small- to medium-sized businesses and political subdivisions of Minnesota.	Participatory loans provide for awards up to a maximum loan of \$250,000 at zero percent interest. Direct loans are limited to businesses/entities and provide for awards up to a maximum loan of \$50,000 at four percent interest or half the prime rate, whichever is greater.	The model is based on a revolving funding mode, where additional funding is made available as past recipients repay their loans.	Intervision of the second s	
Minnesota Conservation Reserve Enhancement Program (MN CREP) Outreach and Implementation Program	Natural Resources/ Habitat Protection	MN	BWSR	Non-Federal	MN CREP is a voluntary, federal-state funded natural resource conservation program that uses a science based approach to target environmentally sensitive land. MN CREP will focus on four main Conservation Practices: grass filter strips, wetland restoration (floodplain and non-floodplain), and wellhead protection areas. The purpose of this project is to accelerate staff capacity to deliver the MN CREP funds.	Soil and water conservation districts within the CREP project area (southern MN 54 counties).	Up to \$4,430,953 in funding is available to increase the FBA staff full-time equivalents, realign existing non-FBA staff priorities to focus on CREP, and/or secure new staff.
